5. Optional: watch the video

You can still show the video from the main file (LTA – *Tennis Made Easy*) for enjoyment and exposure – no task attached. It's very short (under 2 minutes), so playing it once or twice just for fun works well. Afterwards, ask informally: "*Did you see the coach shake hands with his racket?*"

Tennis - A1/A2 Version

Note for the teacher

The main file's video task (gap-fill from a real coach's natural-speed audio) is realistic for A2/B1+, not for true beginners. This version replaces it with matching and MCQ built on a much shorter, simpler text, so students still engage with the topic without needing to catch fast native audio.

6. Game

Use "**Coach Says**" exactly as described in tennis-activity.md, section 6 – it's already accessible for this group (physical, low-language, and recycles the 8 words above).

Companion file – the original tennis-activity.md is unchanged and should still be used with B1-B2 students.

About this activity

Companion to `tennis-activity.md` – for A1-A2 students (true beginners included). Use this instead of the main vocabulary/reading/listening sections; the "Coach Says" game at the end of the main file works for this group too, unchanged. ~25–30 min
